

Vacuum on Demand VOD Freshwater Flush Trailers

The new generation of luxury mobile toilets

Utilising Jets' vacuum pumps these spacious, contemporary trailers are environmentally superior to any other toilet trailers available for hire. Available in 3+1 and 3+2 British Racing Green coloured models. They provide hugely spacious cabin areas with spot lighting.

Environmental Features

- **Chemical free** – sanitisers and odour concealers are not required because air is sucked from the cubicle into the tank with every flush – taking odours and bacteria with it.
- **Water conservation** – low water use (0.5 litres per flush) due to vacuum flush technology.
- **Hygienic** – 6 litres of air is sucked from the toilet cubicle into the tank with every flush, taking with it any bacteria.
- **Odourless** – foul odours are sucked into the tank with waste.

Cabin Features

- Contemporary oak finish and flooring
- Spot lighting from false ceiling
- Spacious cabins
- Wall hung toilets
- Full length mirrors
- Heaters
- Concealed hand towel bins

HIGH CLASS FACILITIES FOR ALL OCCASIONS
